

Terms of guarantee for umbrellas

Knirps® is a manufacturer of high-quality umbrellas. Knirps brand products have an international reputation. That is why we offer a 5-year warranty from the date of purchase for products of the T.Series (T.010, T.050, T.200, T.300, T.400, T.703, T.771, T.900, T.903).

The warranty covers repair or exchange (to be determined by Knirps) of the product and/or removal of all defects resulting from faulty material or errors in manufacturing. This will be done at no cost to you. Knirps may also decide to refund the purchase price of the product, in which case the loss in value of the product is offset against the purchase price. Warranty services or replacement of parts do not lead to an extension of the warranty period. In order to claim the warranty, proof of purchase such as an original sales receipt or another proof of ownership must be provided. The warranty is valid worldwide. It is valid only for the original end user (consumer) and is not transferrable.

The warranty does not cover damages caused by inappropriate use, wilful damage to the product by the user, transportation damage, normal wear and tear, defects in functionality or material caused by external influences, e.g. hail etc., or defects that have only a negligible effect on the value or usability of the product.

Except as expressly prohibited by applicable law in your country, Knirps does not accept any liability from guarantees for indirect, direct, special, incidental or consequential losses or damages of any kind resulting from the use of the product or the inability to use it.

The legal warranty rights for defects are unaffected by the warranty.
